

PLAN AHEAD

EAST CANYON BRIDGE REHAB

PROJECT INFORMATION

UDOT is repairing bridges in the Foothill Drive/Parleys Canyon area along I-80 and I-215. The construction work on these bridge decks and substructures requires lane closures and detours. This UDOT project will preserve infrastructure and optimize mobility along I-80, one of Utah's most heavily traveled freeways.

FOOTHILL AREA CLOSURES IN JULY

- Foothill Drive to southbound I-215
- Parleys Way eastbound to the Foothill Drive southbound ramp
- Parleys Way westbound (under Foothill bridge)
- I-80 eastbound to northbound Foothill Drive
- Ramp from I-80 westbound to I-215 westbound

STAY INFORMED

TravelWise™

rethink your trip ←

Construction closures will make travel in the Foothill area challenging this summer. Rethink your trip with these helpful tips:

- Adjust travel routes to avoid construction delays
- Adjust travel times to avoid peak congestion hours
- Carpool
- Use public transit
- Telework
- Combine errands/trips
- Plan ahead using the UDOT traffic app
- Ride a bike or walk to work
