

NOTICE OF CONSTRUCTION

In an effort to preserve the pavement in Emigration Canyon, Salt Lake County and Emigration Canyon Metro Township will soon begin a project to rehabilitate the asphalt on Emigration Canyon Road, from the Salt Lake City border on the west to SR-65 on the east. The project is expected to begin on June 15, and continue through mid-September 2020.

This rehabilitation project will also include some drainage improvements and new striping for bike lanes, where existing roadway width allows, to improve safety in the canyon. **One-way flagging operations will be in place intermittently throughout construction.** Moderate delays are expected throughout the duration of construction, so motorists are advised to plan their travel times accordingly.

Notice for Cyclists:

Due to the one-way traffic necessitated by this project, Emigration Canyon will be **CLOSED** to cyclists during construction. With one lane unaccessible, the road is not wide enough to safely accommodate both motor vehicles and bicycles. Safety is the number one priority of our team, and the decision was made to close the canyon to cyclists in order to prevent accidents. We apologize for the inconvenience. Suggested alternate cycling routes include:

- City Creek Canyon (5.7 miles to the top)
- Wasatch Boulevard Out-and-Back (16 miles round trip)
- Millcreek Canyon from Wasatch Boulevard (18 miles round trip)
- Wasatch Boulevard to Big Cottonwood Canyon (39 miles round trip)
- Wasatch Boulevard to Little Cottonwood Canyon (35 miles round trip)

For more information about cycling routes, visit:
www.visitutah.com/things-to-do/road-cycling

Safety:

For your safety and the safety of those working in the area, please exercise caution while in the construction zone. Reduce speeds, and watch for flagging personnel and traffic control devices.

Questions or Concerns?

Salt Lake County and Emigration Township have established a dedicated public information team for this project. For more information, or to leave feedback, call 877-495-4240, or send an email to aalbrecht@pec.us.com.

Schedules are subject to change due to weather and/or equipment issues.
